

Eloise Buswell
Volunteer Project Administrator (*moving Voices*)

Eloise's passion for dance has seen her through years of work experience in the dance world; she has learnt valuable techniques and theoretical skills during two years on the FdA in Contemporary Dance Course, whilst also teaching workshops and one-to-one classes.

She has worked closely with choreographers Mafalda Deville (Jasmin Vardimon Company) and Victoria Fox (Underground 7) whilst creating and developing contemporary dance for University Projects. Expanding her work experience is her main priority for 2010, and developing her knowledge of dance in relation to the professional world.

As an active member of the Brighton and Hove Youth Dance Committee and in her current role at South East Dance, Eloise is continually exploring the scope of voluntary work. In her spare time she enjoys attending Tap and Modern lessons at Dance Art Studio, Brighton and applying her creative skills to design and project work.
