

Louise Hennessy
Apprentice Dance Administrator (Associate Artists Programme)

Louise has always had a love for dance, having taken dance lessons from a young age. She has recently graduated from the University of Chichester where she completed a BA (Hons) in Dance. Whilst studying she was lucky enough to be involved in an exchange programme to Toronto, Canada where she studied at York University for one semester, after which she travelled Canada and America for a further two months.

After finishing her studies Louise worked as a Dance Teacher for North West Surrey Sports Partnership and other local authorities teaching dance in Infant, Primary, Secondary and Special schools. Louise was delighted to be offered the new position of Apprentice Dance Administrator in January 2010 and is looking forward to learning a lot with such an exciting organisation over the next two years. Louise still teaches dance on a part time basis and loves working with her regular dance groups.

Louise enjoys running, taking part in triathlons, seeing live dance and music and socialising with friends.
